Vicsport membership delivers sports industry specific benefits. It builds connections, knowledge and resources, and contributes to a stronger voice for the Victorian sports industry.

Vicsport has multiple membership options for individuals and organisations:

- The Vicsport Professionals Network (VPN) is a unique membership program providing professional development and networking opportunities, along with other benefits, tailored to Sports Administrators.

Vicsport organisational membership provides industry updates, news, and advice, along with advocacy through relationships with key government partners (VicHealth and Sport & Recreation Victoria), submissions to Government, and representation on panels and working groups.
VICSport Strategic Plan 2017–2020

More Victorians enjoying the benefits of sport.
Vicsport is pleased to release its new Strategic Plan for 2017–2020, the next iteration of its landmark 2013–2016 Plan.

The plan is the result of an extensive consultation process that included the Vicsport Board, staff, State Sport Association, Regional Sport Assembly and Local Government Authority members, and key stakeholders in Victorian sport. The Plan has been created following the successful implementation of the 2014-16 Strategic Plan which revitalised Vicsport, enabling it to redefine its purpose, services and membership.

This updated Plan is the next stage, and a reformulation, of the role Vicsport sees for itself in the sports industry and is solidly founded on the success and key learnings of the previous plan. Vicsport intends to continue to represent the sports industry to the highest standards and the revised and refreshed Plan will allow Vicsport to monitor and evaluate its effectiveness in addressing key industry priorities and issues into the future.

Sport and active recreation is the single largest community sector in the state. For over 30 years Vicsport has represented the industry providing advice, assistance and support to its members and the broader sports community. The constituency includes 16,000 clubs and associations and an estimated 1.8 million participants, paid staff and volunteers who make a significant contribution to the social, physical, mental and economic well being of this state’s communities.

Vicsport is committed to working with the industry, members and stakeholders to have more Victorians enjoying the myriad of benefits associated with being involved in sport and active recreation.
